MEMORANDUM FOR THE RECORD

SUBJECT PRG Meeting: Summit Planning and Organization, 4 November 1987

This PRG meeting was an organizational meeting to describe how the planning for the summit would be organized. A group, headed by Colin Powell, will meet weekly. Bob Linhard, NSC, is responsible for arms control issues and will use the Senior Arms Control Group as the mechanism for tasking. Fritz Ermarth, NSC, is responsible for pulling together papers on the bilateral issues, including the Gulf, Afghanistan, human rights, Central America, Iran-Iraq, and possibly the Soviet embassy issue. I have asked Bob Blackwell, NIO for USSR, to serve as the focal point. Even though most of the tasking will come to the DI, there is value in having someone who has a community perspective as the focal point.
